Skin Care

Dr. Steven Selchow – Founder

Our extensive laser and treatment options ensure a customized approach to your individual needs. Each service is designed to deliver optimal results in a relaxed, comfortable and elegant atmosphere. Rejuv Skin & Hair Clinic is physician owned and operated unlike a traditional medspa. Complimentary consultations are available.

Dr. Selchow DDS, MD is a board certified Oral and Maxillofacial Surgeon. He completed his undergraduate and dental degrees at the University of Minnesota and received his medical degree from the University of Health Sciences, Antigua. His Oral and Maxillofacial Surgery residency was completed at the University of Illinois, Chicago. Dr. Selchow is a member of the American Academy of Cosmetic Surgery and has been in private practice since 1991.

Our Goal

Rejuv Skin & Hair Clinic is dedicated to helping you look and feel your best by utilizing the skills and expertise of our doctors and skin care professionals in a relaxed and comforting spa atmosphere.

Products and Tools

Rejuv uses only the most advanced and reputable skin care products and tools. Our state-of-the-art skin care product lines, which consist of Obagi, Revision, and RX Systems, are backed by extensive research and proven results. We also use state-of-the-art lasers.

Services

All of our services, unless otherwise noted, are performed at our Eagan location. Specialty services, such as surgical procedures like facial cosmetic surgery, are performed off-site at one of our doctor's surgery centers.

Hair Transplantation

Meet the hair transplant doctor that everyone's talking about...

Dr. Norton Abramson, M.D.

Dr. Norton Abramson...the most experienced hair transplant specialist in Minnesota and ranks in the top 1% in the nation!

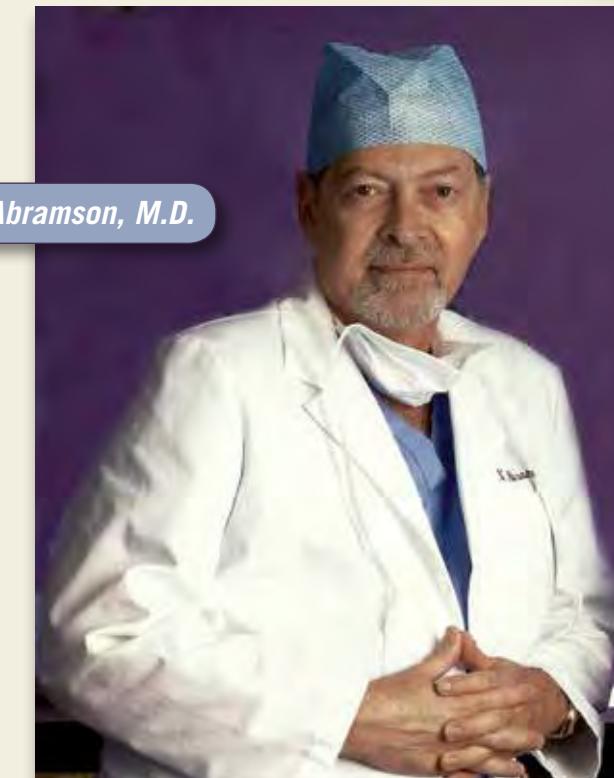

Dr. Norton Abramson, M.D., now exclusively in Minnesota at his office located in Eagan.

Dr. Abramson is a board certified surgeon with over 25 years experience as a hair transplantation specialist. As one of the finest and most experienced hair transplant specialists in the world, Dr. Abramson has attracted and performed hair transplantation on patients from around the world, including some of the most prominent celebrities in Hollywood and Minnesota.

A recognized authority in the field of hair transplantation, Dr. Abramson, has performed over 18,000 successful hair restoration procedures. He has perfected the technique of Microprecision Follicular Grafting®.

In addition to his private practice, Dr. Abramson has been affiliated with several of the most prominent hair transplantation clinics in North America. Dr. Abramson has personally trained other well-known physicians in the art and science of hair restoration.

Dr. Abramson is a board certified surgeon with over 25 years experience as a hair transplantation specialist. As one of the finest and most experienced hair transplant specialists in the world.

Cosmetic Laser Procedures

Reverse the signs of aging

Acne Scarring, and Stretch Marks (Cool Touch Laser™)

The Cool Touch Laser™ is designed for anyone wishing to reduce stretch marks and moderate acne scars. You will experience no down time, just younger looking skin.

Erbium™ Laser Peel

The Erbium™ Laser peel is a deeper controlled peel. For this treatment, the Erbium delivers a specific wavelength of light energy to the skin. Absorption of the energy by water in the skin lets us safely and precisely vaporize very fine layers of the epidermis. The result is an instant improvement on sun and age-damaged skin. Other benefits include tightening of your skin, stimulation of collagen and regeneration for a smoother and more youthful appearance.

Photo Rejuvenation

A treatment that safely and comfortably reduces the appearance of brown and red spots caused by sun damage or rosacea. The end result is more even looking skin.

Sublime™ Skin Contouring & Tightening

Sublime™ is ideal for targeting those telltale signs of aging, including sagging under the eyes, saggy brow lines, and nasolabial folds.

Cosmetic Injections

Reduce facial wrinkles and lines

Botox®

It is a purified protein administered in a simple nonsurgical procedure that temporarily improves the appearance of moderate to severe frown lines between the brows in people ages 18 to 65. During treatment, very low doses of Botox® Cosmetic are administered via a few tiny injections directly into the muscles that cause those stubborn lines between the brows or crow feet area.

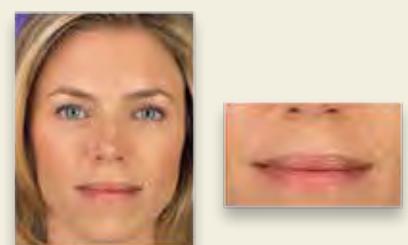

Before

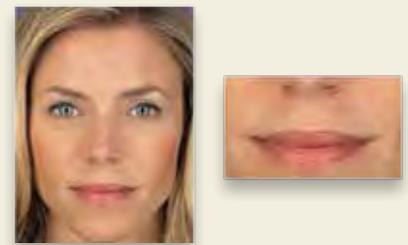

After

Juvederm®

Juvederm® injectable gel is a smooth gel filler your doctor/nurse eases under your skin to instantly smooth out those wrinkles or folds that look like parentheses along the side of your nose and mouth. Results aren't just instant, they're so smooth and natural, everyone will notice but no one will know.

Before

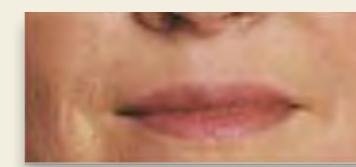

After

Restylane®

Restylane® is a safe and natural cosmetic dermal filler that restores volume and fullness to the skin to correct moderate to severe facial wrinkles and folds, such as nasolabial folds.

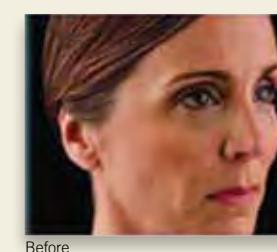

Before

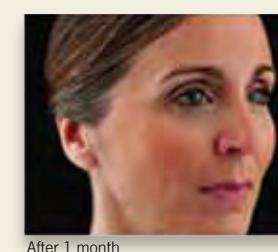

After

Juvéderm® VOLUMA®

Juvéderm® VOLUMA® restores lost volume to cheeks for a gentle lifting effect. Provides immediate results in skin firmness, elasticity and moisturization.

Laser Hair Removal

Say goodbye to unwanted hair

Our state-of-the-art laser hair removal technology breaks the mold of previous laser hair removal systems. Our systems unique IN-Motion™ technology, along with the sweeping motion of the laser, safely and gently heats the targeted area under your skin while you stay comfortable.

Experience you can trust, prices you can afford!®

Skin Care

Some imperfections are only skin deep

Chemical Peel

A semi-aggressive chemical exfoliant that dissolves layers of dead skin and significantly reduces acne and sun damage leaving the skin smooth and radiant.

Trilogy

Our NEW Trilogy treatment is a rejuvenating combination of three separate treatments brought together as one to create fantastic results!

Custom Cleansing Facials

Relax and enjoy our cleansing facials that help treat specific skin care needs. We use a variety of professional products to maximize results to give you a greater range of options.

Microdermabrasion Plus
Our Mega Peel™ system provides a mechanical exfoliation of the epidermis and stimulates the production of fresh young skin cells. Our medical grade microdermabrasion leaves your skin feeling fresh and glowing.

Skin Bella

Skin Bella works best for hyper-sensitive or Rosacea skin types.

Sonic Youth Therapy™

Sonic Youth Therapy™ utilizes the power of ultrasound waves to infuse topically applied Vitamin C products to deeper layers of the skin. Provides immediate results in skin firmness, elasticity and moisturization.
